Olympiad.

SKILLS

javascript

css

html

Sql

C++

git

python

PERSONAL PROJECTS

1.veternary care

- This project was developed using html,css,php,Javascript
- This project provides an effective solution where users and hospitals can manage appointments,slot booking through online mode

2.online examination system

- OES is implemented in java using Netbeans IDE,MySQL database.
- This examination system uses fewer resources and reduces the need for question papers and answer scripts, exam room scheduling, arranging invigilators, coordinating with examiners, and more.
